PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building scalable web applications using React, Next.js, TypeScript, and modern frontend tooling. Delivered ERP systems and dashboards serving 300+ organizations, contributed to open-source projects including GitLab and AboutCode, and built 17+ production and collaborative projects. Passionate about performance, accessibility, responsive design, and creating maintainable user interfaces.

SKILLS

Languages & Frameworks: JavaScript (ES6+), TypeScript, C++, React.js, Next.js, React Native, Expo, HTML5, CSS3

State & Data: Redux Toolkit, Zustand, React Query (TanStack Query), REST APIs, Axios, Zod

Styling & UI: Tailwind CSS, Shadcn/UI, Material UI, Framer Motion, GSAP

Tools & Practices: Git, GitHub, GitLab, Docker, Linux, Figma, React Hook Form, Agile/Scrum, Performance Optimization

WORK EXPERIENCE

Frontend Developer — Wladet Helm Consultancy

Remote, Saudi Arabia | Feb 2025 - Present

- Engineered an ERP system and internal dashboards serving 300+ organizations using React, Shadcn/UI, and React Query, streamlining employee workflows and daily operations.
- Designed and implemented reusable, accessible UI components and optimized data fetching with React Query, cutting redundant network requests and improving page performance platform-wide.
- Participated in code reviews and technical design discussions with cross-functional teams, improving code quality and maintainability across the team.

Frontend Developer Intern — Huma-volve

Remote, Egypt | Jun 2025 - Jul 2025

- Delivered features across multiple React applications within Agile sprints, collaborating with designers and developers to meet project deadlines.

Frontend Developer Trainee — Information Technology Institute (ITI)

Egypt | Sep 2024 - Oct 2024

- Developed the product catalog, cart, and checkout flows for a collaborative e-commerce application using React, Material UI, and Redux Toolkit.
- Architected global state management for cart and authentication with Redux Toolkit and integrated an interactive store-locator map with Leaflet.

Developer Mentee — Mentoor.io

Remote | Jun 2024 - Sep 2024

- Implemented responsive UI features and resolved frontend defects across real-world React and JavaScript projects.
- Strengthened problem-solving and project-structuring skills through hands-on work on production-style frontend tasks.

OPEN SOURCE & ACHIEVEMENTS

Open Source Contributor — GitLab

Merged | [View Merge Request](#)

- Impact: Improved UX for thousands of daily GitLab users by implementing a persistent sticky Edit button on long wiki pages using Vue.js.

Open Source Contributor — AboutCode

Merged & Live | [View Pull Request](#)

- Implemented Dark Mode for the AboutCode website, enhancing readability; live in production.

NASA Space Apps Challenge — Participant

2025 | [Live Demo](#)

- Built Skyra, an AI-powered weather assistant using real-time NASA data to help users plan outdoor activities safely, delivered in 48 hours.

PROJECTS

SprintifAI — React, TypeScript, Zustand, React Query, Tailwind CSS, VideoSDK, GSAP

[Live Demo](#)

- Developed the real-time collaboration experience, including meeting rooms, media controls, and live sessions using VideoSDK, and integrated a RAG-powered AI assistant to answer questions about meeting content.
- Integrated a Gmail MCP workflow to automate meeting follow-up emails, and orchestrated application state with Zustand and React Query.

Bosla — React, React Query, Tailwind CSS, Framer Motion

[Live Demo](#)

- Built an AI-powered CV analysis workflow that parses resumes and generates personalized learning roadmaps based on AI recommendations.
- Developed the administrative dashboard for managing API keys, users, and platform analytics.

Jawamk — Next.js, Shadcn/UI, React Hook Form, Zod, React Query, SEO

[Live Demo](#)

- Built a production-ready agency website using Next.js and Shadcn/UI with SEO optimization and validated service-request forms (React Hook Form + Zod).

EDUCATION

Bachelor of Computers and Informatics, Information Technology — Zagazig University

Graduated 2026

- GPA: 3.4/4 — Graduation Project (Excellent): SprintifAI.
